Preamble

The University Grants Commission (UGC) has initiated several measures to bring equity, efficiency and excellence in the Higher Education system of country. The academic reforms recommended by the UGC in the recent past have led to overall improvement in the higher education system. However, due to a lot of diversity in the system of higher education, there are multiple approaches followed by the universities towards examination, evaluation and grading system. The grading system is considered to be better than the conventional marks system and hence it has been followed in the top institutions of India and abroad. So, it is desirable to introduce uniform grading system. This will facilitate students' mobility across Institutions within and across countries and also potential employers to access the performance of students. To bring the desired uniformity in grading system and method of Computing the cumulative Grade Point Average (CGPA) based on the performance of the students in the examinations, the UGC has formulated guidelines.

University Grants Commission has come up with the Choice Based Credit System (CBCS) programme where students can not only learn core subjects but also explore additional avenues of learning beyond the core subjects for holistic development of an individual. The proposed curriculum endeavours to empower the students and help them in their pursuit to achieve overall excellence. The implementation of CBCS will also facilitate benchmarking of courses in India with leading international academic practice. The CBCS curriculum has been envisaged to give flexibility to learners to learn subjects of their choice at their own pace.

In addition to dedicated focus on a discipline through core papers, whether an Honours or General programme, the elective papers which will give students the freedom to choose the allied/applied/broad areas of their discipline and also the areas of other discipline of their interest have been added. The course will be evaluated by marking system along with the grading system.

The Choice Based Credit System (CBCS), an internationally acknowledged system, have following aims: (i) to make the course curriculum learner centric, (ii) to encourage inter-disciplinary without disturbing the domain centric knowledge, (iii) to promote mobility of the students and help in optimizing learning, (iv) to allow autonomy to the teachers to built in accountability, (v) continuous evaluation of students to help in optimizing learning, (vi) to introduce transparency in the evaluation systems, (vii) to improve employability of students.

8.1 Definitions of key words in CBCS

i. **Academic Year:** Two consecutive (one odd + one even) semesters constitute one academic year.

ii. **Choice Based Credit System (CBCS) :** The CBCS provides choice for students to select from the prescribed courses (Core, Elective or soft skill courses).

iii. **Course:** Usually referred to as 'papers' is a component of programme. All courses need not carry the same weight. The course should define learning objectives and learning outcomes. A course may be designed to include lectures/tutorials/laboratory work/field work/outreach activities/project work/vocational training/ viva/ seminars/ term papers/assignments/presentations/self study, etc. or a combination of some of these.

- iv. Credit Based Semester System (CBSS):** Under the CBSS, the requirement for awarding Degree or diploma or certificates is prescribed in terms of number of credits to be completed by the students.
- v. Credit Point:** It is the product of grade points and number of credits to be completed by the students.
- vi. Credit:** A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/ field work per week.
- vii. Cumulative Grade Point Average (CGPA):** It is a measure of overall cumulative performance of a students' over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal points.
- viii. Grade Point:** It is a numerical grade allotted to each letter grade on a 10-point scale.
- ix. Letter Grade:** It is an index of the performance of the students in a said course. Grade are denoted by letters O, A+, A, B+, B, C, P and F.
